EdgeCAT

EXPERTS EDGE — THE LEAD YOU NEED

2025

## India's First **AI Driven** Adaptive **CAT** Test Series

- **36** Full Length Mocks.
- **25** CAT Pattern Full Length Mocks.
- **11** Aiexpertsedge Adaptive Mocks.
- **6** Static + **9** Adaptive Sectional Tests.
- **95+** Conceptwise Tests.

EdgeCAT 2025

Core concepts

The bed-rack of our entire course

- At this stage, student will take tests on **Merged Topic wise tests**
- **Master 3 important skills:** Concept Clarity Question Choice and Speed
- Students **AI driven** Performance **report** card will be generated, with Analysis of based **50+ indicators**

Deep dive

The lead you need

- **Ramp up** the concepts and fine tune your prep with Deep Dive - Section wise tests
- **Strategy correction** based on AI report card and video discussions
- Important **value addition material,** tasksheets, eliminaiton techniques by faculties

Cruise control

Tame the CAT skillfully with EdgeCAT - CAT simulating Full Length Tests

- Feel the exhilarating effects of an adrenalin rush before the exam, or what is commonly called the **fight-or-flight** response.
- **CAT** always experiments with patterns. Here the preCATs **simulate a number of variations** the CAT 2025 could comp up with.

ON THREE PHASED TESTING/LEARNING APPROACH

Who this course is for

Those who are looking for **"Learning test series".**

Who need a **sense of having completed** a topic and having **practiced enough.**

Anyone looking to improve there **score** and identify their true **potential.**

Students looking to **improve** in specific topics and subtopics, as the **adaptive** element works at the micro level.

Those who want to interact with an **inspiring faculty** that employs **innovative** ways of teaching rather than **routine text** solutions.

Who this course isn't for

Those who are looking for **"Testing test series".**

Those who believe that **"tough is equivalent to good".** A great many of the questions seen in these mock exams are way toughher than what one will ever see in CAT.

Students not serious about doing well in **CAT.** Since it is very **comprehensive program** with over 145 tests.

For the adaptive engine to work, a student has to be **honest about their performance.** If one is trying to cheat their way to mock scores only flaunt. Then this may be waste of time.

How is our Course different from that of others

This is the **only truly adaptive** test series in the country.

Each topic test and sectional test is based on the students performance in the previous test. This gives a clear **understanding of strengths, weaknesses and revision areas.** This is unique, as in other test series, either there is 1. no adaptive element or it is only at a specific question level.

Multiple unique methods like **elimination techniques,** question 2. Level attempt analysis crossing out options etc help students really maximise their score

Video discussions and **mentor** feedback : Reorient your strategy with **3 times CAT 100%ier**

Pain Points	What we provide
DOES ONE SIZE FIR ALL? Same Mock... Same Questions... Expectations different outcome?	Adaptive test series
Question management	Perfect mix bag of static and adaptive test series
Unable to know strength & weakness	URECA based highly detailed and relevant report system.
Time management	Different type of tests to get trained and different difficulty level test 10 ready for everything
Unknown competition	1. Test according to your strength and weakness - make your strength stranger and weakness weaker. 2. Proper analysis across student - Rank, per question time, percentile, etc. 3. Detailed analysis based on URECA ten tackles platform.
Real life test experience	CAT copy platform - no matter where and which test you are giving it would be a real exam experience Practice many time before you really face it.
Lack of support system	Apply elimination techniques and guess in out test so you can apply them in final exam get proper report of elimination and guess work also - so try thing so many time that you bluff would also be a trained guess
Question quality and pool	We provide high quality questions verified by related faculties
Explanation	We provide high quality explanation with multiple possible solving techniques (wherever possible) and Expert tips in 20% of questions - Boost your performance and score using it
Lack of support system	Personalised mentorship session and improvement techniques bassed on your test performance and report

Course Deliverables

👉 **36 Full-Length Tests -** 25 static and 11 adaptive based on the performance of static test

👉 **110 Conceptwise & Subjectwise Tests -** 52 Static and 58 adaptive based on the performance of static tests.

👉 **Integrated Preparation -** to Master 3 important skills viz., Concept Clarity, Question Choice & Speed.

👉 **Phase Based Schedule -** Gradually move ahead on your testing/learning curve (Learn -> Practice -> Test).

👉 **AI-Based Test Report -** Know your Strength & weak points precisely.

👉 **Video Discussions and Mentor Feedbacks -** Reorient your strategy with 3 times CAT 100%ier.

👉 **Dedicated Mentorship -** by top educators & IIM-A Alumnus.

👉 **Strike off option -** to bring the online test closer to a paper based test.

👉 **Improvise Guess Work -** by mastering the art of intelligent guessing using 4 guess options.

👉 **Comprehensive -** AI based Test Report after each test Test Series That Matches Your Schedule.

Report Details & Value Added Materials

👉 **Learner Specific -** 100% Adaptive & Personalised

👉 **Diagnosis of Blind Spots -** Identifies and alerts you on your areas of false confidence.

👉 **Detailed Test wise Analytics,** Detailed Summary Report Card.

👉 **Review & Anayze** the right number of questions to Attempt with URECA-based **"TENTACKLES".**

👉 **National benchmarking** across the country with Rank and Score Analysis.

👉 Analyze & Perfect Your **Elimination & Guessing** Strategy.

👉 **Difficulty Analysis,** Time Analysis,Strength & Weakness Analysis.

👉 **2000+ Practice Questions** via pdf format through tasksheets across 3 levels.

👉 **CATSCAN -** CAT PYQS segregated Subjectwise, topicwise and Conceptwise with vedio explanations.

👉 High quality **Concept** blogs and **Cheatsheets.**

👉 **Handwritten** notes by CAT Toppers

URECA

Unique Resource for enhanced CAT adaptive tests.

Tentackles ger accurate diagnosis.

Improve speed & master your concepts.

Strike-off options like a paper test.

Option elimination techniques

Analytics enabled performance analysis

Revise syllabus multiple times.

Personalized adaptive tests.

As per CAT pattern and latest trends.

Over-All report card

100% Adaptive & Personalised
as per Student's Strengths & Weakness

Strike-off options like a paper test

Schedule

Phase 1 core concepts

Test No.	Type	Topics	Date	Day
CCQA-01	Static	Percentages, Profit-Loss-Discount and Interest	4-Apr-2025	Friday
CCQA-02	Adaptive	Based on CCQA-1	4-Apr-2025	Friday
CCVA-01	Static	CR-Main idea, Assumption, Inference, Strengthening,	7-Apr-2025	Monday
CCVA-02	Adaptive	Weaking. Bases on CCVA-1	7-Apr-2025	Monday
CCLR-01	Static	LR-Arrangements Linear, Circular & Geometric.	9-Apr-2025	Wednesday
